

LAKWOOD LUTHERAN SUMMER ENRICHMENT

Monday, June 15th, 2026 to Friday, June 26th, 2026

AND

Monday, July 20th, 2026 to Friday, July 31st, 2026

Are you concerned your child will backtrack on progress they have made this school year?

The Lakewood Lutheran Summer Enrichment Program is designed to provide children with an exciting but stimulating atmosphere for their summer days. Summer is a time to relax and recuperate but that does not mean they should forget everything they just learned in school! While students will be given the opportunity to enjoy the outdoors and participate in extracurricular activities, there will be periods of the day for them to grow academically in areas such as Bible History, Math, Science, and Language Arts (which includes reading, writing, grammar, spelling, handwriting, etc). Continue to build on your child's academic foundation this summer at Lakewood Lutheran School!

Do you want your child to enjoy their summer inside and out?

Not only will students in the Summer Enrichment Program have time for free play, but they will also be encouraged to participate in outdoor adventuring. While indoors, students will embrace their creativity with a variety of art and STEM activities.
